I cannot tell you how very much I have appreciate having this by my side ... it helps me when I have a question over (unfortunately) my forgetting sometimes a detail of the Bible, as well as, the wording in the Bible. I feel like everyone needs this by their side and they would get so very much more out of the Bible. I truly believe YOU would not be disappointed if you added this to your next purchase!

I have had several Bible dictionaries and concordances before, but this one is my favorite.It has many more words than some others do,and it is very clearly written so you understand what you are reading,It’s not only a good dictionary and concordance, but it’s also reasonably priced(which is a big plus for me.)

The Bible Dictionary & Concordance is a very useful book to have for anyone who is studying the Bible with any degree of seriousness. While it isn't as indepth as a Strong's Exhaustive Concordance, it does serve as both a good dictionary and concordance in one manageable volume. I would recommend this Bible Dictionary & Concordance as a good edition to anyone's reference collection.

Large print is great for my 90 year old Dad. It will be a great reference for his Bible study.

You really can't beat this for the money. Large lettering for us old guys to see and very informational. I liked it.

This Bible Dictionary & Concordance is a great dictionary. I have used it several times for words not available in a standard dictionary. So many times I come accross words in the Bible and now I have a source to provide useful answers.

Great tool to use for studying the bible! I love how it is a mix of both dictionary and concordance. You can know what it is talking about and know where else you can find the word to see how it is used in another context. I have wanted a bible dictionary for a long time and I do NOT regret getting this one. I reccomend it to anyone wanting to study the bible.

Although not as detailed as some other Bible Concordances, it is excellent for a person just beginning to study the Bible.The print is large and easy to read and the words that are included give adequate definitions/explanations. The book is well made and, as with most of my other .com purchases, it arrived before the estimated delivery date in excellent condition!
