Good Night Philadelphia (Good Night Our World)

Synopsis

Many of North America's most beloved regions are artfully celebrated in these boardbooks designed to soothe children before bedtime while instilling an early appreciation for the continent's natural and cultural wonders. Each book stars a multicultural group of people visiting the featured area's attractions—such as the Rocky Mountains in Denver, the Georgia Aquarium in Atlanta, Lake Ontario in Toronto, and volcanoes in Hawaii. Rhythmic language guides children through the passage of both a single day and the four seasons while saluting the iconic aspects of each place.

Customer Reviews

When my sister told me of this series, I had to buy a bunch of them!!! They make great gifts, and growing up outside of Philadelphia it's fun for adults to look through too. I also sent one to my best friend in Seattle so her boys will learn about Mommy and Daddy's "hometown" and will know all the great places to visit when they get a little older and travel back east!

This is a great series! I am from Philadelphia and have sent this book to several friends before they visit us with their children. It got the kids excited about coming to Philadelphia which made entertaining them a lot easier. I also have Good Night Maine and Good Night New York for my son

when we visit those places. Highly recommend!

We live outside of Philadelphia and I bought this board book for my little Granddaughter. The contents of the book depicts the City of brotherly Love well., using illustrations to point out important landmarks that make up this fabulous city. We have several of these "Good Night" books as we travel alot through the US and when we visit an area we pick up the books to show the kids where we have been and what we saw.

It's okay but not that stimulating or interesting. The illustrations could be better & the quality could be better overall.

Not thrilled with this book. I noticed that other cities have a better flow to the read than this did.

I bought this book for my niece at the Penn bookstore to commemorate my return to Philadelphia. I thought it was great (like a fun little tour through the city) but was even more impressed when my brother told me it is the only book he likes reading to my niece. That's a great endorsement! I got her the San Diego book for Christmas and am awaiting the NJ one. I love them!

Good gift for kids moving to or from Philadelphia. Highlights quite a few historic sites. Appropriate for pre-school kids a little older than Good Night Moon fans, which have seen or anticipate seeing, the sites in person. Definitely need a Philly connection to appreciate it.

Love the idea of the "Good Night Books Series". It's wonderful to be able to see the culture and monuments that each city offers and a great souvenir for children to remember their trips
