Age Range: 6 and up

Grade Level: 1 and up

Customer Reviews

I love this series of books! I use them with my second graders when we do our non-fiction reports. This particular book (series) is great for lower readers / struggling readers. Lots of great pictures, non-fiction text features, and big print makes it easy for even struggling readers to gather important facts and be successful while their peers are working with higher level texts.

Great resource for my class
