Customer Reviews

My six year old daughter loves the magic tree house series. After her school informed us that they want the children reading nonfiction at least 10 minutes a day, we started reading fact trackers. The penguin book held my daughters interest, and she learned a lot from this book. I love that the

information is very versatile and correct.

Concise, readable factual information about Antarctica and penguins. You don't have to be familiar with the preceding Tree House book. Perfect for a nice book report for 10 year old. The combo of drawings and pictures is nice.

My son is 6 and a half in first grade. He looooooves the Magic Tree House series. This book we got specifically because he had a report on Emperor Penguins. He loved it and is now quite knowledgeable on the subject. Ordering was quick and easy and the price was great.

My 11 yrs old boy loves Magic Tree House. We haven't been missing any of the Magic Tree House books. Everytime we have to wait for the next book to come out!

Our Grandson who just turned 9 years old had this book on his wish list and he loves it. Magic Tree House books are really enjoyable and educational. Great gift idea.

This is one of many books in the series and my daughter absolutely loves these books. As soon as she got it she couldn't put it down until she finished the book.

I love that you can learn so much and you only spend \$1.00. I know alot about my favorite animal the penguin and now I know more.
