Synopsis

"To be a great soccer player, you must be in love with the game." — Mia Hamm
Do you love lacing up your cleats for the first game of the season? And do you love it even more when they're caked with mud after the game? Are there many nights when you dream about kicking the ball, and watching as it soars through the air toward the goal? Would your perfect day include hours on the soccer field? Do you love to watch people play, soaking up everything you can from other soccer-crazy players? Have you ever felt like your soccer team is a second family? Then you're definitely soccer-crazy . . . and this book is definitely for you!
From training techniques, formations, and strategies—this book has it all!

Customer Reviews

I bought this for my Soccer-Crazy 11 year old daughter - she loved it! The book helped broaden her view of the game and has given her another reason to do well in school. As a rule, she doesn't like to read but this got her motivated in many ways!

My daughter, husband, and I LOVE this book! What a great collection of stories, facts, people, and teaching about the game. No one section is too long, and even my soccer die hard husband and I learned a few things. We bought one for all our U11 girls' soccer team we loved it so much. We highly recommend it to any girl who has gotten interested in soccer. Especially great for girls aged

10-15, but older and younger girls will like it too.

My soccer loving girl LOVES this book. She really enjoys the profiles and after the women's team won the world cup this week she went looking for her book to read up on the women soccer greats in there. So far she is only into the historical stuff but as soccer season approaches I can imagine her diving into the strategy portion of it.

I bought this book for a 11 year old girl who is an advanced soccer player. She loves the book. It has info on nutrition, a section on soccer legends, and much more. I want a book like this for boys.

My grand daughter loves this book. She has learned some great information aimed right at her current skill level. It's a fast read and very helpful. I would buy this book again.

Great gift for soccer-loving girls!

The content is inspirational, but the lack of editing is distracting. On the first two pages of chapter 1, there are three typos: 'giude', '...noted while she was college', and 'psycholocial'.

I purchased this book for my granddaughter Lola who loves soccer. She loved the book . . . what more can you ask??
