Customer Reviews

The Goon is a great comic book! Eric Powell is awesome. These library editions are huge and I really dig them and the print quality is excellent. The only bad thing I can say is that it does not reprint the Satan's Sodomy Baby one shot, however I guess that's to be expected. I'm collecting them all.

Like I said in the Volume 1 review, an excellent collection in a massive hardcover that is fun to read and looks killer on your bookshelf!

If you like comics, especially things off the beaten path, the Goon is for you.

Pure freaking brilliance.transports you to a different time
